ATROX

Pop-Up drainig system

enables remote water-draining management

aesthetically concealed overflow

prevents jamming of sponge or cloth

3rd working level

makes Atrax models so much more functional

slim rim

makes for an elegant appearance

waste outlet fi 90

allows the water to drain out faster

super deep (195 mm) bowl

Another great feature. One model, two installation options.

Classic **INSET (I) installation** is suitable for any worktop. And if your worktop is waterproof (stone, kerrock, marble...) you can install the Atrax models also under it - **UNDERMOUNT (U) installation**.

ATROX - because the spacious bowls are not enough we designed for you a super functional sink station.

To make your work easier and more fun we added to already nicely deep bowl **an extra level** and made the Atrax models more versatile to use. Line up small, a bit bigger or a perforated stainless pan on a middle level and get some extra help to drain, store chopped vegetables and fruit or simply store away some food or dishes.

ATROX

Atrox 20

← 470 mm →

Size: 470 x 500 mm
Bowl dimensions: 340 x 390 x 195 mm

Atrox 30

← 590 mm →

Size: 590 x 500 mm
Bowl dimensions: 340 x 510 x 195 mm

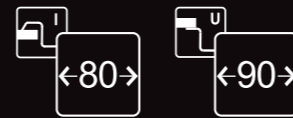

Atrox 50

← 790 mm →

Size: 790 x 500 mm
Bowl dimensions: 340 x 390 x 195 mm
340 x 300 x 195 mm

Atrox models are made of **high-grade composite material Granital** with great characteristics:

- the surface is smooth and it will not lose its stone nature
- resistant to high temperature and thermal shock
- impact-proof
- scratch proof
- stain-resistant and easy to clean
- resistant to household chemicals.

All **3 Atrox models** are available in **five rich earthy colors**, which will perfectly blend into your kitchen or create with the kitchen a beautiful contrast.

G55-beige

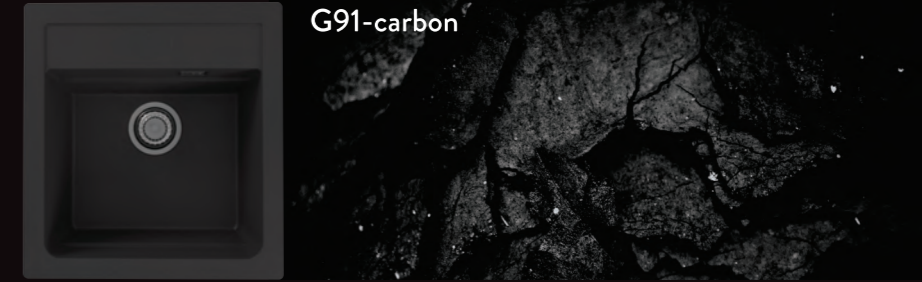

G22-terra

G11-arctic

G81-concrete

G91-carbon

All the extras that will make your Atrox a perfect sink station.
